

**DESCRIPTION:**

The GH-1AD is an audio only tenant station for the GH series Multi-Unit entry system. It is equipped with a Talk, Door Release, and optional service button. When a visitor calls, the tenant stations rings, and is answered by one touch of the Talk button.

The GH-1AD also has the capability of calling the Concierge/Security Guard stations(s), turning on a light while speaking with a visitor at the entrance, receiving an emergency tone from a panic call station, and releasing a door.

The GH-1AD is designed to be surface mounted, and has a slim, streamlined design. Up to four GH-1AD units can be used in the same tenant location.

Communication is hands-free at the entrance station when a tenant answers the call, and is either VOX hands-free or push-to-talk at the tenant station when speaking with the visitor.

FEATURES:

- Hands free audio communication
- Door release to the door where communication is established
- Call to Security Guard / Concierge station
- Optional individual doorbell rings unique tone, notifying resident that someone is at their door.
- Optional activation of outside light while talking to entrance station
- Optional connection of panic call station (GFK-PS), alerting with tone and call to Concierge
- Separate volume controls for call tone and communication
- Simple 2-conductor common bus wiring
- Surface mounts to wall on 1-gang box or ring
- ABS plastic construction
