IS-SS, IS-RS

Audio Door/Room Stations for the IS Series

DESCRIPTION:

The IS-SS is a stainless steel, flush mount audio only door station and is both vandal and weather resistant. It connects to the IS-CCU, IS-SCU, or IS-RCU using CAT-5e/6 cable. There is a built in dry contact for door release (24V AC/DC, 500mA). The IS-SS is powered by the system.

The IS-RS is a handset style, wall mount, audio only sub station. It connects to the IS-CCU, IS-SCU, or IS-RCU units using CAT-5e/6 cable. It can be used hands-free with the internal speaker or can be tied to an external 8 ohm speaker. The IS-RS is powered by the system.

IS-SS FEATURES:

- Dry contact for door release (24V AC/DC 500mA)
- Weather and Vandal resistant
- For indoor or outdoor use
- Stainless steel
- Flush mount

IS-RS FEATURES:

- Dry contact output (lock, strobe, etc.)
- Contact input (sensor, etc.)
- 8Ω output for external speaker for receiving communication from the master station and paging announcements
- Handset for privacy or hands-free VOX
- Indoor use only
- Surface mount
