

RMK-01, RMK-02, RMK-03

Rack Mount Kits For the NEM and LAF-C Series Masters

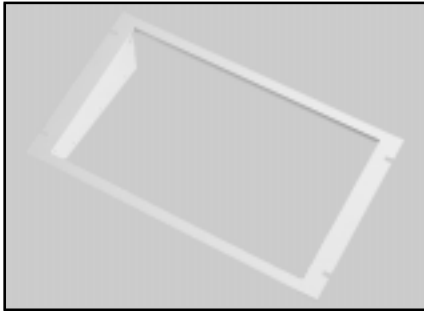

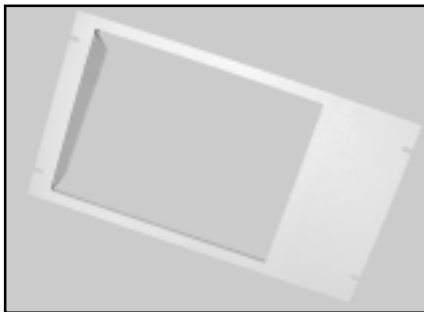

DESCRIPTION:

The RMK-01 and RMK-03 are rack mount kits designed to mount the 10 and 20 call LAF/LDF and NEM/NDR master stations. The RMK-02 is designed to mount the 40 station add-on selectors for these systems.

All kits will mount specified equipment into a standard 19" EIA rack.

FEATURES:

- Cold pressed steel construction
- Powder coated Ivory finish
- Allows masters and add-on selector to be mounted into a standard 19" EIA rack
- Allows masters and add-on selector to be flush mounted into a console
- Easy installation
