

# KA-DAR

## Tilt Color Audio/Video Door Station

### KA-DAR

### DESCRIPTION:

The KA-DAR is a color tilt video door station designed for use with the Aiphone KA series video entry system. It features a color CCD camera with built in illumination for low light viewing, and can be tilted vertically up to 40 degrees, and is controlled by the inside monitor. A call button on the KA-DAR turns on the internal monitor and activates a four-stroke chime. Audio communication at the door station is hands free.

### KA-DAR FEATURES:

- Color camera with vertical tilt feature
- Weather resistant for outdoor use
- Call button rings chime at inside monitor
- Audio and video activate when door calls in
- Hands free communication when master answers
- Built-in illumination for low light conditions
- External light with automatic activation can be added
- Compact surface mount design
- Mounts to 1-gang box or ring
- Simple 2-wire hook-up

### MOUNTING & INSTALLATION:
