

IS-MB

MULLION MOUNTING BRACKET

- INSTALLATION INSTRUCTIONS -

DESCRIPTION

The IS-MB is a mullion mounting bracket for installing the IS-DV or IS-IPDV video door station onto a mullion style door frame. The IS-MB can be installed on either side of the door.

Package Contents

- Mullion Bracket
- Packet of screws
- Installation Manual

MOUNTING

1. Use template to drill out hole locations on mullion.
2. Run wires through door mullion and out to where door station will be installed.
3. Run wires through cutout of the IS-MB and mount bracket to the door frame.
4. Connect wires to the door station. **Do NOT make wiring connections while the system is powered.**
5. Secure the door station to the IS-MB bracket.

See back page for template of the IS-MB.
